## Hearing Set On L.G. Zoning Variances

SAN DIEGO (CNS)—A public hearing on an application for a special use permit for a rest home in L.G. is slated for Friday morning before the County Planning Commission.

John Corvell wants to accommodate up to 20 guests at 2536 Hardy Drive, an area zoned for duplexes.

Two other hearings affecting L.G. property are: Henry A. Medina, a zoning variance for 8416 Broadway, where he wants to build a carport closer to the side line than the zoning allows, and James W. Holcomb is asking for a similar variance for a patio, at 3340 San Carlos Dr.

## QUIET FIRE WEEK

### Short Causes Blaze In Neon Sign In Grove

Only minor fires occurred in Lemon Grove in the past week, and firemen went out on no first-aid calls.

An electrical short in the neon sign at the Broadway X Cafe, 7231 Broadway made the sign catch on fire at about 9:15 p.m. on Mar. 12. Capt. Harry Alexander of the fire department estimated damage at \$50. Firemen doused the fire and removed the sign board.

Firemen had been called to 7980 Imperial at 3:15 p.m. on the same day. They discovered that children had started a fire in a small wood box. There was no damage.

When Jack Holt got a full tank of gas on Mar. 15 and then stopped on an incline in a parking lot at 7579 Broadway, the gas leaked out. Firemen were called to wash the gas away.

On Mar. 18 at 10:28 a.m., residents near the Bradshaw Market at 1805 Massachusetts saw smoke coming from the market and called the fire department. When firemen arrived, they found no blaze but rather a malfunctioning refrigerator motor.

## Road Aid Fails To Pass Sups

SAN DIEGO (CNS)—A proposal to take vehicle taxes received from the state out of county general funds and put them in a fund for road improvement, with a possible increase of as much as 28 cents in the county tax rate, lost by a four-to-one vote at the Tuesday session of the County Board of Supervisors.

The Board held a hearing on a report by a road policy committee, and one of the committee's recommendations was that all vehicle tax revenues eventually be turned over for road work. It is estimated that it will take about \$175,000,000 to bring the county's roads up to acceptable standards.

## Free L.G. Dance Friday

A public square dance featuring the Spangles and Spurs Teen square dance club will be presented Friday in Lemon Grove under the sponsorship of the L.G. Merchants Association.

The dance will be from 7 to 9:30 p.m. on the parking area between Best Buy market and Dena's on Broadway, across from Michael's cafe.

Jack Masterson will head up a list of guest callers. The public is invited. Dancing is free.

The dance is to attract attention to the fact that Lemon Grove merchants are open Fridays until 9 p.m.

## Here's This Week's Lucky Gift Lineup

Free merchandise going to want-ad readers this week include a steak dinner at Michael's; two broasted chicken dinners from Sherwood's; a car wash at Violet Ray car wash and a free dry cleaning of a man's suit at Bonded Cleaners.

There's no trick to winning. Just find your own name in the want-ads and identify yourself at the office of this newspaper at 7854 Lester ave., L.G. A certificate will be given the lucky winners. Names are chosen from regular subscribers to this newspaper.

## FIRE COMMISSIONER RE-APPOINTED IN L.G.

SAN DIEGO (CNS)—Clarence J. Heidick was reappointed as a member of the Board of Fire Commissioners of the Lemon Grove Local Fire district Tuesday by the County Board of Supervisors.

### The Passing of John Budd Long

John Budd Long, the dynamic general manager of the California Newspaper Publishers Association, died in his sleep last week, just a month after his retirement.

He had served the newspaper industry in California and across the nation for 34 years and was one of the outstanding champions for the right of a free press. He spent much of his time in Sacramento at the Legislature where he advised and rode herd on bills regarding a free press. He won passage of a bill giving reporters in Calif. protection from revealing the source of their information.

John Long was beloved by publishers of all sizes of newspapers, large and small alike. He endeared himself to even the smallest weekly publisher by always introducing him as "my boss."

This was the job he held for 34 years — a worker for all the 405 newspaper members of the California Association.

He sat in the office of this publication late last year and listened to our concern about the economic situation of S.D. county, the sinking moral values of the country and the dangerous state of world conditions. He said, finally, "These are newspaper problems. Dammit, you've got to give people more leadership."

And so he believed. John Budd Long truly believed that the greatest force in a free world was the newspaper, regardless of size.

This week on Tuesday services were held for him at Forest Lawn Cemetery in L. A. and newspaper people all over the world sorrowed at his passing.

## Youngsters Are Better

We carp as much as any about the lack of knowledge and ambition of today's youngsters, but our position was sorely shaken last week at the Lions Club Zone speech contests for high school students.

Eight S.D. area Lions clubs sponsored speakers in a contest held in L.G. at Michael's. As one of the judges I weighed carefully the material each of these young speakers had to offer. The topic, "My Responsibilities in a Changing World," ranged all the way from family conduct to world responsibility, but they had one commodity in common — they were all good.

The winner was a representative of the Fletcher Hills Lions club, a Grossmont high school senior, Marty Kahn. Less than one point on a scale of one hundred separated the top competitors.

## CANDIDATE MAY SOLVE ANCIENT DRAINAGE PROBLEM IN L.G.

A L.G. drainage problem of 19 years standing, appeared to be nearer a solution today because a young attorney, Richard Donovan of National City, was politicking here a couple of weeks ago.

The drainage ditch, running east and west in an alley between Broadway and Lemon ave., overflowed several times during the recent rains and flooded property nearby.

Mrs. Jerome Rojas of 7637 Lemon ave., L.G. appeared before the County Board of Supervisors several weeks ago and asked for aid. She was advised to form a "drainage district" by which property owners could share in the cost of relief. The County disclaimed any responsibility for the ditch. Actually, run-off reaches the Lemon ave. area from the freeway on the north and the south side of Broadway on the south, making some areas so remote that no local solution seemed possible.

Donovan, who is seeking support in his race for a seat in the Assembly from the 77th District, did some investigating

after being apprised of the situation at a meeting held at the home of Del Pego, 7625 Lemon ave. The dozen persons in attendance at the meeting told Donovan that the County opened the ditch 19 years ago; that the area was re-ditched by county equipment about 10 years ago; that a 1930 title policy owned by Rojas, shows an easement of 15 feet dedicated to the County as an alleyway, and that the County has cleared the ditch within the past five years. All was offered as evidence that the County has shown responsibility in the past.

Donovan told the group that the situation apparently was created by the County and if this is so, it would be proper for the County to rectify it in spite of the great number of years that have passed.

Rojas reported that a small child fell into the flooded portion of the ditch recently and was saved only by timely appearance of a passerby.

Donovan said future steps would be determined by what his investigation proved.

## Bank of America Building Started on Imperial, L.G.

Another vote of confidence in Lemon Grove's future development was registered Tuesday as Bank of America broke ground for its new branch in the L. G. Shopping Center.

Local and bank officials gathered at the Imperial Avenue site for official groundbreaking ceremonies that heralded the start of construction of the 7,800 square foot building, slated for completion in September.

Representing Lemon Grove were: A. F. Sonka; Fire Chief Harold Hensley; Coordinating Council President J. Jensen; Chamber of Commerce President Charles Hesser; Chamber Manager Ed Koester; Mrs. Amy Sonka; Hospital District Director Jim Spears and others. Bank of America officials on

hand for the groundbreaking included: Graydon Hoffman, senior vice president, and Charles Victory, vice president.

The statewide bank is investing almost a quarter of a million dollars in the ground-floor-and-mezzanine structure, which will have all space banking conveniences. There will be room for 18 tellers to work at glass-topped, windowless counters, with specially designed mobile carts replacing the traditional cash drawers. Other customer-designed features will include safe deposit and night depository facilities.

General contractor for the project is R. E. Hazard Jr., of San Diego. Continental Service Company of Los Angeles is project supervisor.

## VFW Presents Flags To Foreign Students At Miguel Assembly

Four 50-star American flags were presented by the Lemon Grove Veterans of Foreign Wars, post 2082 at a Mt. Miguel high school assembly at 9:30 a.m. on March 15.

Post quartermaster H. T. Provost made presentations of a flag each to two foreign students—Lillian Weiss of Sweden and Sonmez Ozyurek of Turkey; and two to Ray Whitmus, Mt. Miguel student on his way to a year of study in Argentina under the American Field Service exchange program.

One old glory is for the high school Whitmus will be attending. Both flags were accepted for Whitmus by another student and were to be mailed.

B. C. Hesser, past state commander of the VFW was present at the March 15 Mt. Miguel assembly.

## \$300,000 CHURCH IN LEMON GROVE

### Congregationalists Break Ground Here Sunday

Pastor E. Walter Smith, members and friends of First Congregational Church of Lemon Grove will fulfill a 10-year dream on Sunday at 11 a.m. by breaking ground for their new \$300,000 church facility on a four-acre site on Glebe road in Lemon Grove. The project will include the sanctuary, educational building, multi-purpose building, and service building which will represent an investment of \$500,000. Construction is scheduled to start April 1.

One of the oldest churches in the area, the First Congregational Church has been located at 3194 Main st. since 1891.

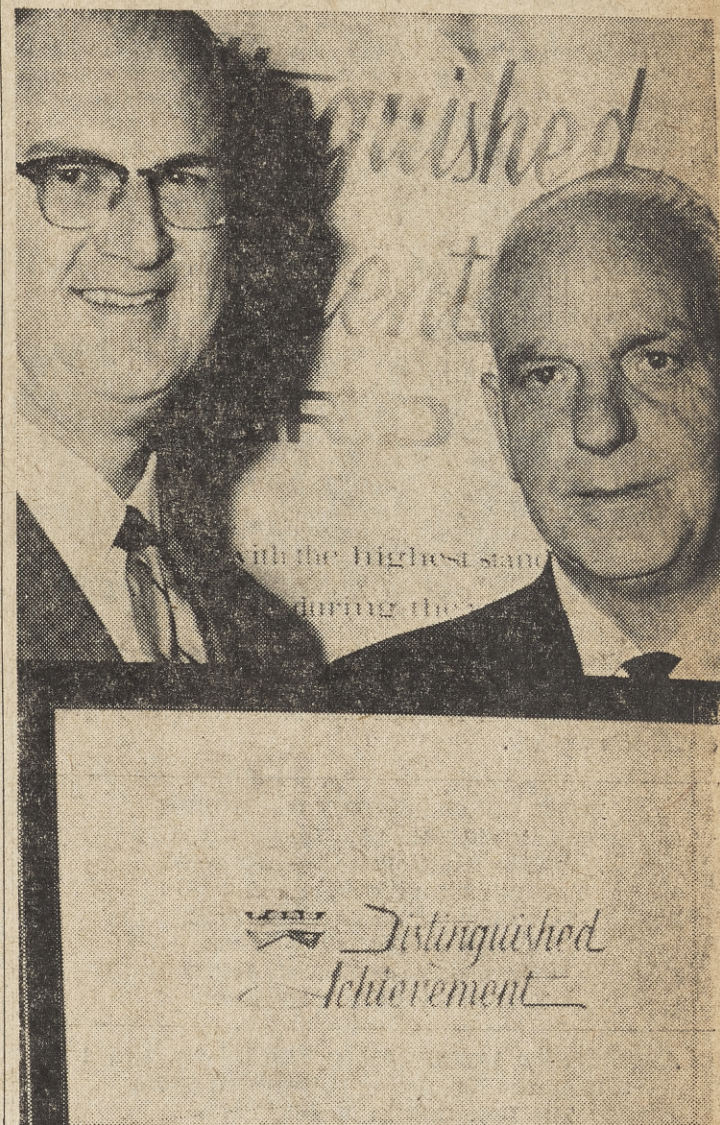

According to C. J. Paderewski, of Paderewski, Dean and Associates, AIA, the contemporary design of the building evolved from the philosophy of the church, as described by the

pastor E. Walter Smith, that the sanctuary must reflect the unity of the church family as a family gathered around the table. To best exemplify this, the architect chose a round plan.

The sanctuary will be constructed using a thin concrete shell, much like the now famous dome at the Circle Arts Theatre. The architects have called upon A. J. Blaylock, of the structural engineering firm of Blaylock and Deardorff, to do the structural design of the buildings. Blaylock also was responsible for the structural design of Circle Arts Theatre.

The architects of Paderewski, Dean & Associates AIA drew the plans, the contract has been let to Nielson Construction Company and South Bay Savings & Loan Association is responsible for the financing.

## L.G. Ford Dealer Takes Award

**TOP AWARD** — The highest honor a Ford dealer can receive from Ford Motor Company was conferred on Jim Spears (right) and Spears Ford, of Lemon Grove. Here presenting the Distinguished Achievement award is R. B. Medler, Ford Division's L.A. district sales manager. Fifty-three Ford dealers from a three state area earned the award for high standards of dealership operation — management, merchandising, facilities and service — during 1961. Meanwhile, two Spears salesmen, Malcolm Pratt and Elton E. Grable, were honored at a banquet of Ford Motor Company's 300-500 Club in Los Angeles. The club membership is made up of salespeople who have averaged \$400,000 in sales, to qualify.

## Fallout Shelter District, Incorporation Dropped As LG Council Projects

The Lemon Grove Coordinating Council Monday night reviewed the condition of long-term projects, and decided to

drop two of the main ones—formation of a fallout shelter district and incorporation.

Feeling at the meeting was that both could be taken up anew when the council gets ready to do so.

The Greenspot Park came to the forefront as an important community endeavor. Cletus Gardner of the County Parks and Recreation Department will be invited as guest speaker to the April 16 council meeting.

He will discuss the Greenspot Park and also use of the fourth Center as a Senior Citizens Center.

**THOMAS TALKS**  
Main speaker Monday night was Arthur Thomas, principal of Monterey Heights elementary school, who talked on the April 10 tax override election for the Lemon Grove School District.

He said rising costs in running the school district plus a decrease in aid from Sacramento make it vital that the override tax election pass. Thomas pointed out that the 33-cent increase—from \$1.65 to \$1.98—would make this district's revenue similar to comparable districts.

The meeting, which is open to the public will be held in the home of the club president, Mrs. H. J. Warner, 7815 Mt. Vernon st. (corner of Cypress), Lemon Grove. Questions and an open forum discussion period will follow the formal address, as is customary with this club.

**Route Shown For Freeway Connector**  
Nearly 100 persons crowded the Encanto Community Center building Monday night to hear Calif. Dept. of Highways District Engineer Jake Dekema discuss the probable routing of a connecting freeway from 47th and Imperial, just south of Encanto, east to a point near Sweetwater Reservoir. The proposed road would feed into the proposed Route 280, part of which would be the present Sweetwater rd.

A public hearing is scheduled for April 25 before the Board of Supervisors. It may be as long as 10 years before the project gets to the work stage, Dekema said. The project, 4 1/2 miles long, is a freeway-to-free-way connection, six lanes in width and joining proposed 241 and 280-282. Both of these routes are north-south inland routes. Route 241 is inland from U.S. 101 approximately 10 miles. 280-282 follows Sweetwater and runs north to Ramona. 280 arcs south around La Presa, Spring Valley and Casa de Oro to highway 80 east of El Cajon.

### LAST YEAR'S TWO "MISS LEMON GROVE" CONTESTS CONFUSING

Last year two beauty contests were held simultaneously in Lemon Grove. One was the Miss Lemon Grove competition held by the L. G. Junior Chamber of Commerce and won by Marlene Bates of Miss Spring Valley fame, and the other was the Miss Lemon Grove competition held by the Kiwanis Club.

The latter was the primary contest for the county-wide Fairfest of the Fair contest. Rosita Samayoa was the Miss Lemon Grove of that one.

It was a bit confusing having two Miss Lemon Grove contests at the same time and this year the L. G. Chamber won't have one, according to Biff Barlett, president.

Marlene last year won the two beauty contests within a week, becoming Miss Spring Valley Fairfest of the Fair second.

### Two Queens Busy

Rosita and Marlene have attended numerous events as representatives of Lemon Grove and Spring Valley respectively. I believe Marlene took part in a couple of events as the Junior Chamber's Miss Lemon Grove.

Readers will again be seeing local beauties on these pages as girls enter the Spring Valley and Lemon Grove Fairfest of the Fair contests now underway.

### JANSEN NAMED HEAD OF SCOUT FAIR

### De Graaf Asks Budget Cut

Chula Vista Councilman Pete De Graaf, candidate for the Republican nomination for the State Assembly in the 77th District, speaking in La Mesa Tuesday, said that fiscal responsibility and a balanced budget are necessities for good government. An unbalanced budget results in unwise spending for political purposes. He criticized the present state administration for adding unnecessary bureaus with highly paid managers, as wasteful.

While the population increased 100%, and employment over 200% the budget jumped 800%. De Graaf pointed out that in his seven years of service in the Chula Vista City Council, during a time of tremendous growth, the City has always had a balanced budget, despite a large street improvement program, the building of many new city facilities, and a decrease in tax rate during the period.

## MAIL BAG

Dear Editor:

As the end of another Club year approaches, it is only proper that all the people who have helped our organization in various ways during the past year should be thanked for their efforts on our behalf.

You have been most cooperative as to publicity and pictures, and I would indeed be remiss in my duties if I did not take this opportunity to say "thank you."

Sincerely,  
Mrs. Fred Scheneman, Pres.

Dear Editor:

May I express one woman's opinion about the "Calif. Committee to Combat Communism" initiative petition being passed for signatures so that it may be placed on the Nov. ballot?

When it was presented for my signature, I read the summary, just as many are doing, but I did not sign, then or now.

The summary was only one page the amendment 6 pages.

My endorsement would be for the 6 pages, which could become law if the people so voted. It was an initiative, if passed but found to be unacceptable to the people the only way it could be removed would be by the same type of initiative. Is it not possible that anyone trying to start such an initiative might be being unlawful in the light of this initiative of today?

I waited in line at the bank the other day and saw 5 persons sign this petition without even glancing at the summary much less reading the petition. All I needed was a sign "Pro-

tect our American Heritage" and 3 American flags, and I could have sat at a table at the other end of the room, and I am sure I could have gotten 10 signatures with just a smile and not one person would have bothered to read my petition that would read—"I agree to dance the twist in the middle of town."

I am against Communism and also Facism, I am against ignorance too. I urge my community to read and re-read and question this petition.

Dear Editor:

On March 6 I called the County Registrar of Voters to determine the number of Deputy Registrars in the Lemon Grove area with the view of performing the service of notifying the unregistered voters in this area of the names and addresses of the Deputy Registrars for unregistered voters convenience in registration. At that time I was notified that there were only four designated deputies, and that more were needed.

With that in mind I gave your newspaper that information and requested that anyone interested in becoming a Deputy Registrar call the Registrars office, or me for information. The total response was so great that the Registrars office received numerous calls and applications in addition to the help the local PTA officials gave in obtaining additional applications for Deputy Registrars which were submitted to Mr. Sexton.

Needless to say only a portion of those applications could be used. I wish to thank you and all the fine people that were contacted and that have received instructions and are now Deputy Registrars, and those who applied for this civic service and were not called; their applications will remain on file.

A list of all the Deputy Registrars in the Lemon Grove area will be forthcoming.

Thank you again,  
Carl E. Ollermann,

## The DIMMER VIEW

(Continued)

It was reassuring to these old, tired ears, to hear bright, new and brave thoughts being uttered in an era when it appears that all forces are turned toward producing mediocrity of talent and subordination of thought.

To those whose consciousness is continually being assaulted by lunatic fringes of the extreme right and of the left, logic producing youngsters such as these, give rise to hope that the world may eventually get back on to an even keel.

## Brighter Times Ahead

The facts of life have finally come to the distributors of employment figures in San Diego county. Admission was made this week that employment in Feb. dropped 3,400 from the previous month and was the sharpest ever recorded for a February.

Losses occurred, as you would suspect, mostly in the manufacturing and retail sales divisions. Rainy weather throughout the month, combined with seasonal reduction in the work force, and the panic-like fright attendant the S.D. Mayor-Gov. Pat Brown unemployment conference in S.D., all contributed to the unemployed picture.

One top executive of a large banking firm told us that retail sales seemed to dry up following the Dail-Brown conference on unemployment here. Locally, the banks are reporting deposits coming in at a record rate. All of which means people are scared and are saving money they would normally spend on clothes, furniture, appliances, roofing and all the other things that can be deferred for a time. This hesitance caused additional cutbacks in sales, and, in turn, employment. Salespeople were laid off; repairmen went on part time, and other functions requiring people to work were slowed. The outlook became dismal and employers were pessimistic.

But the picture is beginning to change. Retail sales are beginning to perk up, and that's the first sign that fear is becoming allayed. The same Labor Market Bulletin in which the record drop in employment was listed also pointed out that county employment stands at a record 312,000, 5,200 more people working than in any other February in history. Elsewhere in the west, employment is full and business is good. It will be so in S.D. County soon, too, economists say.

A San Diego industrialist-banker told us that the labor market here would have no difficulty in absorbing the remaining Convair layoffs and the State Department of Employment says that further cuts in aircraft employment will be less severe.

Meanwhile, Lionel Van Deerlin, a candidate for Democratic nomination in the new 37th Congressional District has been in contact with Secretary of Labor Arthur Goldberg. According to Van Deerlin, he was told by Goldberg that "I wish to help in any way that I can."

This may mean an early end to aircraft layoffs which would have a salutary effect on everyone. Whether federal help comes or not it is clear that forces are at work which will soon have the San Diego economy moving ahead again under full power.

by a handful of people, into wearing sackcloth and ashes. We should be thankful there are two stout hearts on the board.

On speaking to several members of the latest committee of board watchers called Taxpayers United, I was informed that they would not give out the name of their president, nor, do they know anything about the alternate sites for LaPresa School No. 3, nor have they attended any previous board meetings, nor do they have any children in school, nor, in fact, were they aware of what they were united for or against. Yet this group, who number about 18 members, have requested the resignation of members of the board, who were elected to their office by a majority of voters in our district.

## CIVIL DEFENSE TO DISPLAY 'ATTACK' HOSPITAL HERE

A demonstration and three lectures will feature the Civil Defense Hospital exhibit at the Lemon Grove High School Saturday. The exhibit and programs are open to the general public. Hours will be from 9 a.m. to 4 p.m.

The demonstration will be presented at 12:30 p.m., when a staff of doctors and nurses will show how four emergency cases would be handled as they arrived at the hospital, William B. Marly, administrator of the Unified Civil Defense organization, said today. Four "victims" made up to simulate injured persons will be treated.

Dr. Victor Stratton, San Diego physical and surgeon, and a recognized authority on the treatment of mass casualties, will speak twice. At 1:30 p.m. he will discuss "Mass Casualty Handling" and at 3 p.m. he is

scheduled to talk about the "Biological Effects of Radiation."

Dr. Stratton is a retired Navy doctor and was Disaster Control Director at the San Diego Naval base for several years.

A morning lecture will be presented at 11 o'clock by Bruce Hayworth, a nuclear physicist with General Dynamics-Convair. He will speak on "Fallout Radiation."

Both Dr. Stratton and Mr. Hayworth are members of the Unified Civil Defense Speakers Bureau.

### UNPACKS FRIDAY

The California Disaster Office is supplying the hospital exhibit, which will be unpacked and set up in the auditorium of the junior high school starting at 6:30 Friday evening.

The Lemon Grove chapter No. 2082 of the Veterans of Foreign Wars will help to install the exhibit. Other cooperating groups will be the San Diego County Sheriff's Reserve, Boy Scouts, American Red Cross and members of the medical, dental and nurses associations.

The exhibit is one third of a complete 200-bed hospital, Marty said. The demonstration will be of interest to school personnel, pharmacists and persons involved in medical and health matters as well as the general public.

San Diego County has 13 complete 200 bed hospitals, stored and ready for use in the county.

Doctors Peter E. Shea and Dennis McLaughlin are Lemon Grove co-chairmen of the program.
